ABSTRACT TYPING INSTRUCTIONS

Maximum word count is 4000 characters.

FORMATTING YOUR ABSTRACT

Please use International characters only. Please type in "normal sentence case", not all in CAPITALS. Reduce abbreviations to a minimum, especially non-standard ones, and define at first use. Abbreviations should not be used in the title. Make the title intelligible to all. Use only normal keyboard characters. Separate each paragraph with one hard return.

Please do not use hard returns at the end of each line - the text will wrap automatically. All abstracts will be reproduced exactly as submitted so please check the text for typing errors before you submit.

Please use the buttons provided to format your abstract title and text. The following formatting is available: Bold, Italic, Superscript, Subscript, Symbol/custom character, Copy, paste as plain text, Select all, Undo, Redo.

If you are pasting content, we strongly advise using the "paste as plain text" button in the toolbar along with the "custom character" button, if any erroneous characters remain you will be alerted on submission and given the opportunity to amend.

There is also the possibility to download your abstract in WORD or PDF.
